The 36th annual meeting of the
State Dental Association is in ses-
sion at Louisville.

Gov. Pattison, of Ohio, who had
been in a Cincinnati hospital since
April 5 was this week removed to his
home at Milford, considerably im-
proved.

Senator Pettus, Ala., 85, Senator
Morgan, Ala., 84, and Senator
Whyte, Maryland, 84, are the
oldest men in the Senate and all are
Democrats. Senator Burkett, Ne-
braska, 39, is the youngest.

The Bryan boom is sweeping the
whole country. The leaders of the
Gold Democratic movement of 1896,
like Vilas, Francis and Watterson,
are loudest in his praise. Bryan and
Folk may carry the country by
storm. Who knows?

The Delaware legislature in extra
session has elected Henry A. du
Pont United States Senator to fill
the vacancy that has existed for
several years from the ability of
Addicks to create a deadlock. He
finally gave up the fight, du Pont
is a republican.

A final compromise has been made
on the Statehood bill. Oklahoma
and Indian Territory are to be ad-
mitted as one State and Arizona and
New Mexico are to decide by a pop-
ular vote whether or not they shall
be consolidated. The proposition is
to pass in both territories to become
effective.

The State Democratic Committee
Tuesday decided upon a primary
election to be held Nov. 6, at which
all Democratic candidates for state
offices will be named and a senator
also nominated for 1908. A sub-
committee was appointed to make
all arrangements and to fix the en-
trance fees to be paid.

Congressman Swager Sherley, of
Louisville, has been married less
than a month and has already been
moved to make a speech in the
House advocating a fifty per cent.
increase in the salaries of congress-
men. Many congressmen save money
out of their \$5,000 salaries and many
would save nothing if their salaries
were \$10,000.

The Court of Appeals has upheld
the constitutionality of the Day act
of the General Assembly of 1904,
prohibiting co-education of the white
and colored races in public or pri-
vate institutions of learning, but
says the provision requiring such
schools to be at least twenty-five
miles apart is an unusual exercise of
the police power and not a valid
provision.

Deafness Cannot Be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous
lining of the eustachian tube. When
this tube is inflamed you have a
rumbling sound or imperfect hear-
ing, and when it is entirely closed
deafness is the result, and unless
the inflammation can be taken out
and this tube restored to its normal
condition, hearing will be destroyed
forever; nine cases out of ten are
caused by catarrh, which is nothing
but an inflamed condition of the
mucous surfaces.

We will give One Hundred Dollars
for any case of deafness (caused
by catarrh) that cannot be cured by
Hall's Catarrh Cure. Send for cir-
culars, free.

HUBERT VREELAND
FOR SECRETARY OF STATE

So much encouragement has been
given Hubert Vreeland, our present
active and progressive young Com-
missioner of Agriculture, to offer
himself again as a candidate for a
State office that after mature consid-
eration he has decided to become a
candidate for Secretary of State. It
certainly looks like he has won for
himself the backing of the farmers
of Kentucky for whatever he may
seek, and in recognition of his efforts
in their behalf since his election as
State Commissioner thousands of
them have urged him to offer for
another State office, since the Con-
stitution makes him ineligible for re-
election. Mr. Vreeland has accom-
plished something in an office that
was created for the farmers, but
which had been of very little benefit
to them, and it is refreshing to the
Democrats of Kentucky when they
find their public servants who devote
all their time and thought to fulfill-
ing the duties of their office with
energy and intelligence.

Mr. Vreeland is the youngest of
the present State officials, and until
the last State election had never
been a candidate for office. Al-
though it was his first appearance he
won his nomination for Commissioner
of Agriculture by a majority of
26,000, next to the largest majority
received by any candidate in the
State primary, although opposed by
two prominent candidates, who made
most vigorous campaigns. Mr.
Vreeland has a personal acquaint-
ance probably not surpassed by any
other young man in Kentucky, ex-
tending to scores and hundreds in
everyone of the 119 counties in Ken-
tucky. He is a brother of John W.
Vreeland, publisher of the Farmer's
Home Journal, and at the head of
the Democratic Executive Commit-
tee in Louisville and Jefferson coun-
ty, and of Graham Vreeland, man-
aging editor of the Courier-Journal,
who for ten years was the Legisla-
tive correspondent of the Courier-
Journal at Frankfort.

The Democratic nominations for
State offices will be made again by
State primary in November, and Mr.
Vreeland has begun an active cam-
paign.

The indictment of Policeman Amos
Haydon for manslaughter, growing
out of the shooting of John Coleman
at the street fair, comes in the na-
ture of a surprise. So many wit-
nesses in the crowded park saw
Haydon fire his pistol in the air, that
the opinion is general that he did
not shoot at the negro at all. There
are numerous witnesses who saw
another man, whose identity was not
established, shoot at Coleman while
Haydon was firing up into the air
and calling to Coleman to stop.
Officer Haydon is under bond and
has resumed his duties.

Hubert Vreeland, the present
Commissioner of Agriculture, has
entered the contest for the Demo-
cratic nomination for Secretary of
State and will at once take a leading
place in the race. His excellent re-
cord in the office he has filled so ac-
ceptably for four years will com-
mend him strongly to party support.
Unless all signs fail he will come out
a winner.

The court of appeals has decided
in a case from Madisonville that a
city council can pass an ordinance
making it unlawful for an infant or
a female to go into a saloon or re-
main therein longer than five min-
utes, "or to drink intoxicating li-
quors in any saloon."

Judge Ben. F. Hill of Henry coun-
ty, Hon. W. Pres Kimball of Fayette
county, W. H. Swope of Owen coun-
ty, Campbell Cantrill of Scott coun-
ty, and Judge James Morris of Old-
ham county have all entered the
congressional race for the Seventh
district.

Judge Jas. Hargis is in jail at
Jackson denied bail charged with the
murder of Dr. B. D. Cox, while
Curt Jett, his nephew, has made a
confession connecting James and
Alex Hargis and B. F. French with
the murder of both Cox and Marcum.

LAW BREAKERS

Have Been Giving the Police
Something to Do.

The monotony at police head-
quarters has been broken up this
week and violators of the law seem
to be getting bad all at once.

Monday and Tuesday the "boys in
blue" were kept hustling, and when
the slate was inspected Tuesday
night it was found that there had
been one arrest for selling whiskey
on Sunday, which cost the violator
\$27.50, on a plea of guilty; one drunk
cost another man \$6; four people
were fined \$5 each for breach of the
peace, while another was to be tried
for disorderly conduct. The fines
aggregate nearly fifty dollars for
two days' work, most of which was
paid.

Chief Roper and the other officers
are not averse to this kind of busi-
ness and really enjoy taking in a few
evil-doers occasionally by way of
recreation.

FEW MARRIAGES.

Licenses Not Much in De-
mand This Month.

The County Clerk has had plenty
of time to devote to other matters
besides issuing marriage licenses dur-
ing this month. Only five applica-
tions had been made up to yesterday
morning, as follows:

Chas. E. Blaine to Miss Elizabeth
Witty.

James G. Ledford to Miss Henry
Moorefield.

L. B. Arvin to Miss Lena B. Un-
derwood.

Henry Watterson Brasher to Miss
Daisy Rice.

James Herbert Scarborough to
Miss Louise Ragsdale.

YELLOW JACK AGAIN.

President of Louisiana State
Board of Health Tells Of
Illness.

New Orleans, June 12.—The fact
that three cases of yellow fever have
been under quarantine for the past
ten days at Ship island a Govern-
ment quarantine station in the Gulf
of Mexico, about midway between
the mouth of the Mississippi river
and Mobile, Ala., was made public
yesterday by Dr. C. H. Irion, Presi-
dent of the Louisiana State Board of
Health.

ON JUNE 19TH

Final Meeting of Tax Super-
visors Will Be Held.

The City Board of Supervisors has
sent out notices of about sixty raises
in the tax lists and will reconvene
on June 19th to hear complaints.
The books of Assessor J. G. Cooper
were found to be in excellent shape.
The assessment was taken with more
than ordinary care, and compara-
tively few changes were found nec-
essary.

MANY MULES

Perish in Flames and Loss Is
Heavy.

The stables of the Nortonville Coal
Company burned Monday night.
Ten mules, one horse, about 200
barrels of corn and a large quantity
of hay were destroyed. The loss is
about \$3,000. As Nortonville has
no means of fighting fire, nothing
could be done to check the flames.
The fire is believed to have been of
incendiary origin.

Mr. Trice Better.

Mr. Jno. B. Trice rallied from the
dangerous condition following an
operation for appendicitis Monday
morning, and Tuesday gradually
showed signs of improvement. Yester-
day morning he was still better
and his physicians are now very
hopeful. The crisis was passed
Tuesday night, and the fact that he
was still improving has had a most
reassuring effect on his family and
friends. All of his sons are now
with him.

MISS ESTELLE CAMPBELL.

Miss Estelle Campbell, 140 N. High street, Nash-
ville, Tenn., writes:

"Peruna helped me when almost everything else
failed. I was rundown from overwork, as I had
not been able to take a vacation for three years
and naturally my nerves were all unstrung and I
was greatly in need of rest and a tonic.

"I went away for two months, but did not seem
to get my strength back, although I was taking a
prescription which the doctor gave me before I
went away.

"At the request of my relatives, with whom I was
visiting, I began to use Peruna, and you cannot
realize how glad I was when within a week I found
I was feeling so much better. Inside of a month I
was feeling splendidly, ready and able to take up
my work again."—Estelle Campbell.

A Spring Tonic.

Almost everybody needs a tonic in the
spring. Something to brace the nerves,
invigorate the brain, and cleanse the
blood. That Peruna will do this is be-
yond all question.

We have on file thousands of letters
which testify to the curative and pre-
ventive value of Peruna in cases of
nervous depression and run down con-
ditions of the system. We quote a
typical case:

Mr. Frank Williams, 835 34th street,
New York City, member First Presby-
terian Church and Captain Capitol Golf
Club, writes:

"Last spring I suffered with malaria
and a run down condition which seemed
very difficult to overcome.

"I tried several different tonics but
did not seem to get much better until I
began using Peruna. My recovery was
slow, but I was improving and I was
glad to continue using it.

"At the end of two months my health
was restored and I looked and felt much
better than I had for years. Your rem-
edy is well worthy of a recommend
and I am pleased to give it mine."—
Frank Williams.

Peruna never fails to prevent
spring catarrh or nervous prostra-
tion, if taken in time.

A Texas Wonder

There's a Hill at Bowie, Tex.,
that's twice as big as last year. This
wonder is W. L. Hill, who from a
weight of 90 pounds has grown to
over 180. "He says: 'I suffered
with a terrible cough, and doctors
gave me up to die of Consumption. I
was reduced to 90 pounds, when I
began taking Dr. King's New Dis-
covery for Consumption, Coughs and
Colds. Now, after taking 12 bottles
I have more than doubled in weight
and am completely cured.' Only

anteed by R. C. Hardwick, druggist,

The Sick.

Mr. J. M. Cravens is still critically
ill with a serious stomach trouble
that has baffled medical skill. He
was no better yesterday and very
low.

Mrs. Elmer Coats, who has been
very ill for a week or more, was
worse yesterday and not expected to
live.

Mr. J. F. Turner, who was run
over by a horse Monday, is improv-
ing and out of danger.

CHANGE OF BASE.

The Rev. J. A. McCord, formerly
of this county, who has had charge
of the Baptist church at Forrest
City, Ark., for about two years, re-
signed last week, having accepted a
call to the pastorate of a church at
Sardis, Miss. Dr. McCord will move
to Sardis this week and begin work
as pastor of his new church next
Sunday.

Pe-ru-na is the Finest Tonic For a Weary Woman.

Miss B. Inez Silvera, 189 W. 136th street, New
York City, Grand Recorder Daughters of American
Independence, writes:

"Nine years of work, without a vacation, wore
out my nervous system. I lost my appetite and felt
weak and exhausted nearly all the time.

"Peruna restored me to perfect health in five
weeks. It is the finest tonic for a weary woman
that I know of. I gladly endorse it."—B. Inez
Silvera.

Peruna is the most prompt and permanent cure for
all cases of nervous prostration caused by systemic
catarrh known to the medical profession.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found per-
manent use in so many homes is that it
contains no narcotic of any kind. Pe-
runa is perfectly harmless. It can be
used any length of time without acquir-
ing a drug habit. Peruna does not pro-
duce temporary results. It is permanent
in its effect.

It has no bad effect upon the system,
and gradually eliminates catarrh by re-
moving the cause of catarrh. There are
a multitude of homes where Peruna has
been used off and on for twenty years.
Such a thing could not be possible if
Peruna contained any drugs of a nar-
cotic nature. All correspondence held
strictly confidential.
